It's News Here!

Avalanche Closed for Holiday

The Crawford County Avalanche office on 100% Michigan Avenue will be closed Thursday and Friday, November 22 and 23, in observance of the Thanksgiving Holiday. Regular office hours, 9 to 5, will resume Monday, November 26. Advertisements and news about community events for the Thursday, November 29, issue should be brought to the Avalanche by Wednesday, November 21st.

Four Injured In Intersection Crash

A Grayling man and a St. Helen youth were seriously injured in a two car crash at the intersection of Stephan Bridge Rd. and M-72 East.

David Zavasky, 35, of Grayling was taken to Mercy Hospital by the Crawford County Ambulance Corps and later transferred to William Beaumont Hospital in Troy. Scott Drews, 9, of St. Helen, was taken to Mercy Hospital and transferred to Petoskey.

Michael Zavasky, 10, of Grayling, was treated and released at Mercy as was Scott Pittman, 19, of Grayling. Vehicles driven by David Zavasky and Pittman collided at the intersection. Crawford County Sheriff deputies said the accident is still under investigation. The cars crashed about 1:10 p.m. Thursday, Nov. 15. The Jaws of Life were used by the Grayling Fire Dept. to free David Zavasky from his vehicle.

Constable Stops B & E

An open door spotted by the Frederic Constable helped catch two men breaking into a farm house off Deward Rd.

The Frederic Constable called the sheriff dept. after spotting an open door at the farm house and deputies caught a Frederic man and a Grayling man inside the place around 3:15 p.m. Wednesday, Nov. 14. A vehicle was also found at the farm house and confiscated. The names of the suspects are being withheld until warrants are issued.

Deer-Car Accidents Jump

Fifteen deer-car collisions were recorded last week and the Crawford County Sheriff Dept. is warning motorists to be extra cautious in deer areas this time of year.

In other sheriff dept. news, the anonymous tip line (348-6341 ext. 3000) helped recover a stolen travel trailer. The trailer was reported taken from a cabin along M-72 East near Stephan Bridge Rd. A anonymous caller told the sheriff dept. where the trailer was parked off Whirlpool Road and sheriff deputies recovered the trailer Nov. 12th.

Vikings Start Districts Thursday

Grayling will begin district tournament basketball play Thursday, November 29, at the Roscommon High School gym versus the winner of a Tuesday night Roscommon and Houghton Lake game. The contest will begin at 7 p.m. The Vikings girl carry the best record, 17-2, into the districts.

If Grayling wins Thursday night, they will play in the championship game Saturday. Grayling drew one of two byes in the district. The other teams besides Grayling, Roscommon, and Houghton Lake, are Tawas, Whittemore Prescott, and Lake City.

Annual Christmas Arts and Crafts Show

On Saturday, December 8, from 10 a.m. - 5 p.m. the Grayling Mini Mall will be hosting its 6th annual Christmas Arts and Crafts Show. The one day event will feature fine hand-made gifts such as baskets, jewelry, pottery, woodworking, paintings, fabric items, toys, wreaths and ornaments. As usual there will be a bake sale, grab-it-giveaway auction and pictures with Santa, the proceeds from which will be donated to the Grayling Middle School Advanced Studies group. Individuals interested in participating or for additional information please call 616-276-9747.

small white lights or by turning on porch lights for the first night.

The white lights will be displayed throughout the Christmas Holiday.

The brilliant display Friday night will help guide Santa Claus and his sleigh to the county courthouse where he will meet with good children from the community and pass out candy canes.

Christmas carols will also be sung at the courthouse after the Celebration of Lights begins at 6 p.m.

The 2nd Annual Grayling Celebration of Lights is sponsored by the Grayling Promotional Association as a kick-off to the Christmas holidays.

Everyone is invited to join in Grayling's Celebration of Lights and Santa's visit Friday, November 23.

School Board Takes Strong Stand

The Crawford AuSable School Board issued this public statement concerning the Grayling Middle School remodeling proposal:

Proposal II on the Crawford AuSable School District Special Election Ballot on December 18 asks for one mill for five years for remodeling the present middle school building. The issue was forced to the ballot by a citizen's petition initiative which collected 377 signatures. The Crawford AuSable School District Board of Education does not endorse this proposal for the following reasons:

1. The proposal will not raise adequate funds to thoroughly renovate the existing building. In 1983, the Board estimated that 3.2 million dollars was needed to renovate the building into adequate quality space. The proposal would raise less than 25% of that total, \$750,000.

2. The district can borrow funds against only the current and following years millage. Thus no more than \$300,000 could be available at one time forcing the renovation to be broken into small projects; a more expensive construction method than to perform all necessary work in one project. In addition, costs will increase as we wait for the collection of millage each year bringing less labor and materials for the community's dollars. All plans must be drawn by an architectural engineer.

3. To renovate the existing building is to "throw good money after bad". Renovation of that building is NOT cost effective. This community needs a new middle school.

4. The existing site is too small to allow for outdoor physical education activities.

5. Piecemeal Renovation of the existing building does not allow for the creation of enough additional classroom space to house the entire fifth grade. Additional elementary classroom space is needed right now. A shortage of four elementary classrooms is projected for the next (1985-86) school year and a shortage of five classrooms is projected for the 1986-87 school years.

If the remodeling proposal should pass on December 18, the Board of Education will take the following action:

1. The millage will be collected. The dollars anticipated for the first two years will be borrowed to allow implementation of a \$300,000 project.

2. The Board will direct preparation of all necessary renovation projects arranged in a logical order of construction priority so as to allow for eventual thorough renovation without tearing previously renovated areas apart.

3. The Board will implement projects in priority order until the money runs out. They will then have to wait until they can borrow on the following years millage to implement succeeding priorities.

4. The Board will return to the voters to ask for a bond issue to complete the renovation of the building. This request will come prior to the expiration of the five year millage.

5. The Board will return to the voters within two years to ask for a bond issue to finance construction of additional elementary school space if current trends in enrollment increases continue.

The bond issue for a new middle school requested in Proposal I December 18 will provide adequate and quality space for housing grades 5 - 8. In the long run, the new building issue will cost the taxpayers less than the remodeling issue as all construction will take place immediately and requests for dollars for additional space and/or completion of the project will be unnecessary.

The school board passed a motion 5-2 to issue the above public statement. Roger Moshier voted against it saying he

wanted changes throughout the whole statement and Mary Allen voted against it saying she thought it would only serve as ammunition for no voters during their usual last minute campaign.

Moshier asked what the main complaints are concerning the present middle school and Superintendent Reynolds talked about five main areas.

* Reynolds said the heating system needs to be completely replaced. The radiators leak, parts aren't available for them anymore, they give off uneven heat and the system is one-way instead of a loop system. To adequately heat classrooms at the end of the system in winter, rooms closest to the heat source roast. Reynolds said the boiler is 29 years old and needs to be replaced.

* The roof has dry-rotted timbers, no insulation, and

leaks.

* All of the window casings should be replaced and as many as 60 percent of the windows could be covered. "We're getting solar heat when we don't want it and cold when we don't need it," Reynolds said.

* The exterior needs to be tucked, pointed, and reglazed. Reynolds said the above four areas would cost more than \$750,000 to repair without touching the interior.

* The building needs handicap access. The wood stairs should be replaced with metal. The floors all need work to reduce squeaks and noises. Rooms need ceilings lowered, carpeting installed, and better lighting.

The school also needs more classroom space. Patching up the middle school will not allow for re-designing of space for more classrooms, Reynolds said.

Crawford AuSable MEAP Scores Show Improvement

Michigan Educational Assessment Program (MEAP) test scores in the Crawford AuSable School District improved dramatically in all three grades measured.

The 1984 scores improved in every area tested from 1983 scores except in 7th grade reading where scores already were exceptionally high and remained above state averages.

In reading and math, Crawford AuSable had four of six areas above state averages. The fourth, seventh, and tenth grades were tested.

For tenth grade, reading scores climbed to 86.1 percent - up from 80.3 percent in 1983 and way above the 1983 state average of 80 percent.

Tenth grade math scores soared to 72.8 percent - a big jump from 59.1 percent in 1983. The 1983 state average was 64.4 percent.

Seventh grade reading was down slightly to 84.3 percent from 87.7 percent in 1983, but these scores remained above the state average of 80.2 percent.

Seventh grade math scores leaped to 61.2 percent from 42.8 percent in 1983 - the largest percentage increase

in the testing but still below the state average of 63.8 percent.

Fourth grade reading improved to 71.2 percent from 63.4 percent in 1983, but also was below the state average of 75.9 percent.

Fourth grade math scores jumped to 83.5 percent from 65.6 percent in 1983 and went above the state average of 80.5 percent.

"We have to compliment the staff and building principals on results this year," Superintendent Kent Reynolds said. "They made concerted efforts to improve

From Our Corner...

First things first, and I wish to acknowledge with thanks the following for helping to get the ol' fella out of the improvised jail at the Grayling Bank last Friday, without their help we would possibly still be there...so to, our buddy George Pamerleau, Norma Naour, Patty Holzman, the gals at the Wurt-smith Credit Union, R. J. Hannan and our bride, even though she was reluctant to part with even a penny to help us escape the clink...R.J. came up with the final payment to spring us, and at first he was going to pay \$10.00 to keep me longer...R.J. was also a lifesaver later in the evening as he and our bride & I partook in the fish at the hotel and when we came out, we had a flat tire...with help from the Flatbush Flash, we got our tire inflated enough to get it to Clair's where we left it and R.J. taxied us home...

Finally at home we felt that just about everything could happen to us in one day, did...we figured our misfortunes were over with for awhile, not so, we were awakened a little before 3:00 a.m. Sunday by a phone call from the sheriff's department that they wished our presence at the Avalanche, and as it turned out two fellows were fighting and one went through one of the front windows...With the help of Doug and Ann of The Sawmill the window was sealed enough to keep the cold wind out, many thanks...we can hardly wait for Thursday, maybe there will be something for us to be thankful for, like having our Buckeye family with us and a day of rest...

What a difference a year makes...last year, this weekend we were smiling blue all over...not today, Ohio State took care of Bo's boys yesterday and heads for the Roses...the Buckeye state also took care of bowl dreams for Central Michigan as Toledo defeated CMU and the Badgers of Wisconsin knocked MSU out of the Cherry Bowl...all in all, it was a bad day for all Michigan football fans...

With our early deadline Tuesday this week due to Thanksgiving on Thursday, this turkey has to be done by Sunday afternoon (no pun intended) instead of our regular Monday evening final touches...we will fill our column with...

We have reprinted the following for many years...it is still suited for this year and will be as long as this great nation remains free...

Thanksgiving — '84

"Rest and be thankful." How far modern man has strayed from that wise old Scottish counsel! Too often we scurry about our daily affairs, complaining of traffic, the state of the Union, food prices and the like — never bothering to count our blessings. This Thanksgiving Day, November 22, would be an excellent time to reflect upon the true meaning of life in America and, in so doing, come to a real appreciation of our good fortune.

Thanksgiving is more than a unique American celebration to be observed with parades, roast turkey and speeches. It honors the beginnings of the U.S. and our rich legacy of freedom, won by the blood and sacrifices of the first American settlers and others who came before us. How can anyone breathe the sweet air of freedom and not dedicate themselves to the democratic ideals which make life worth living and upon which this nation was founded? That each of us should be alive and living in the greatest country on Earth is cause enough to give thanks every day of the year. We should never be too busy to "Rest and be thankful."

Do have a nice Thanksgiving Day...and now we will bid T.J., Stefany and Amber goodnight and to all of our readers we hope your turkey day will be just like you planned it...

Mr. and Mrs. Arthur Alexander, of Man-celona announce the engagement of their daughter, Linda C., to Mr. William A. Brooks, Jr., son of Mr. and Mrs. William Brooks, Sr., of Grayling. A December 23rd wedding is planned.

Wedding vows were exchanged by Miss Gail Eunice Lucksted and Mr. Clare Madsen, Jr. at six o'clock Saturday evening at St. Mary's Rectory, with Fr. Joseph Sakowski performing the ceremony before members of the immediate families. Gail is the daughter of Mr. and Mrs. Melvin J. Lucksted of Grayling, and Clare the son of Mr. and Mrs. Clare A. Madsen of Grayling.

Mr. and Mrs. Lowell Overly of Allen Park spent the past week at Eagle Point. Mr. Overly bagged a fine 8-point buck last Thursday.

Carleen Church was ten years old on Saturday, the 18th. She invited ten of her classmates over in the afternoon for a party to celebrate the event, and in the games played prizes were won by Linda LaChappelle and Rita Brown. The youngsters were served ice cream and birthday cake. In the evening, Carleen's grandparents, Mr. and Mrs. Herbert Stephan, stopped over to wish her brother, Gary, a happy birthday too, he being two years old on the same day.

Debra Ann is the name of the 6 lb. 3 oz. daughter born to the Claude Golnick on Nov. 16. Mr. and Mrs. William Golnick and the Howard Bunkers, Sr. are her grandparents. Mrs. William Golnick Sr., Mrs. Alfred Hummel, Mrs. Emma Lovely and Mrs. Levi Bunker of Detroit are all great grandparents.

Marvin Hallett spent last week on vacation from his duties with the telephone company and hunted for deer.

Dr. Alfred Hanson of Buchanan spent last week with his parents, the Carl Hansons, coming to hunt deer.

Sandy Thompson drove to Hancock Monday of last week, staying overnight with the Allan Stevensons, both men then joining others at L'Anse for some deer hunting. Mrs. Thompson flew up to join her husband on Friday to drive home with him Saturday. Their son Pat visited the Whitey Madsens and son Randy the Dr. Jack Cooks overnight.

On Monday, November 13th, Carroll Wert presented his two films "The Frozen Forest" and "The Lady of the Waters" at the Frederic School. Both films were in color, and anyone who wonders about the history and life of the Grayling game fish should see these films. The writer has lived in Michigan all his life and learned many things about the habits and habitat of our many game birds and wildlife. These films are a masterpiece of photography and patience.

Can you imagine the surprise you would get seeing a deer trotting down a Grayling street in the evening? Miss Eva Madsen experienced this surprise Monday evening when she drove along Ionia Street,

near the Danish Church. She saw the animal in the road and at first thought it was a large police dog, however, she discovered it was a fawn and evidently it was lost; coaxing it to her she found it wore a red studded collar and had a small bell at its throat. Going into the Ernest Borchers home she called Ernie and George Granger, but they insisted it was a dog as they saw it trotting away. But Miss Madsen insisted and so they headed it off. At first it appeared friendly, and then when they tried to pick it up it put up a fight. They finally succeeded in getting it into Game Warden Harry Souder's garage, and Tuesday morning it was discovered that it was "Jack", the pet fawn from the McClanahan lodge on the AuSable River. Down at McClanahan Lodge Jack was missed. He sleeps on the porch at the caretaker's cabin and they noticed that he was not there, and Tuesday morning Mr. Souder called and said he would bring him out but he couldn't do anything with him. Sr. Mr. Morris from the lodge came to town and when Jack saw him and heard his voice he was perfectly willing to be taken back to his haven. This fawn, with another, had been mothered at the McClanahan place since early spring, but recently its mate was shot and killed.

Mrs. Rose Pond of Lansing has been at the home of Mrs. M.A. Bates the past week, and while here enjoyed seeing many old friends. Mrs. Pond came to be with Mrs. Bates while members of the family attended the Ballman-Jerome wedding in Pontiac.

Mr. and Mrs. Edwin John Marshall, Jr. of Toledo, who are honeymooning, following their marriage on November 8, arrived home from Havana, Cuba Monday and are at the Marshall home Pah-Won-Hee on the AuSable for a few days.

Miss Evelyn Skingley who is taking business administration for the second year at Cleary College, Ypsilanti, arrived home Tuesday for the Thanksgiving holiday vacation.

Mr. and Mrs. Harvey Mattoon and children of Pontiac are expected up for the Thanksgiving Holiday to visit the latter's mother, Mrs. James Perry.

The Bible Speaks

From Calvary Baptist Church

A GOD OF RIGHT

The 60's were characterized by the God-is-dead movement, rebellion against all authority, and negative attitudes and actions against all established values and institutions in America. The 70's brought us a decade of erosion, decay, and discouragement. The 80's find us in the struggle between the conservative values of God, Home and Country, in conflict with the liberal values of Humanism, Individual Rights, and International unity. At stake is the future of our children and grandchildren. Will they worship God or man? Will they be self or family oriented? Will they be free citizens of these United States, or will they become international slaves?

Our God is the God of creation and the Bible. Creation reveals Him. Romans 1:19, 20. The Bible reveals Him and His attributes. "God is the Infinite and perfect Spirit, in whom all things have their source, support and end." -Dr. Strong.

Our God is self-existent. No other being created Him, or sustains Him. Our God is Immutible. He is perfect and not subject to change. Our God is a God of perfect unity. He is totally undivided and indivisible as a perfect spirit. Our God is perfect in Love. I John 4:16. Our God is perfect in Truth. John 14:6. Our God is perfect in Holiness or purity. Hab 1:13. In relation to time and space, God is eternal and immense. He is totally unlimited by, and undefined by time and space. He is the creator of both.

Concerning God's creation, God is everywhere present. He has all power, and He has all knowledge. Being omniscient, God has perfect knowledge about what to do. Being omnipresent, God is in a perfect position to do what He knows. Being omnipotent, God has the power to do His perfect will, with or without

human means.

Concerning human beings, God deals with us in truth, love and holiness. Jesus Christ is truth personified, and He declared God's Word to be truth. John 17:17. The Holy Bible is God's pure truth from Genesis 1:1 to Revelation 22:21. God deals with us in love when He communicates His grace, mercy and goodness to us in Jesus Christ. John 3:16. Mercy to save us from sin and Hell; Grace to give us eternal life and a home in Heaven; and goodness to meet our every need while here upon earth.

God deals with us in holiness concerning our moral character and conduct. God has revealed righteousness and holiness as standards to govern our daily lives. "Follow peace with all men, and holiness, without which no man shall see the Lord." Heb. 12:14. God's holiness demands justice. Those who don't believe the truth of the Bible, who reject the love of God in Jesus Christ, and defy the holy moral standards of God, will burn without love or mercy in a Christless, eternal Hell.

Keeping Healthy
Year-Round Fitness Program Good For Body and Mind
Too many people get into shape during the summer but start cooling off their fitness programs once temperatures start falling, according to a sports medicine expert.
Saul S. Haskell, MD of Michael Reese Hospital and Medical Center in Chicago advise that signs of unfitness include shortness of breath when climbing a flight of stairs; not sleeping as well as before; gaining inches around the waist, hips and thighs; and suffering tight, sore muscles and stiff achy joints. Gone, too, are weight control, cardiovascular fitness, strength, flexibility and stamina developed during a spring and summer fitness program.
Dr. Haskell recommends keeping fit all year. In the winter take brisk walks; swim in an indoor pool; play indoor tennis, racketball, handball or basketball. Among other suggestions he makes for indoor exercise are to use a rowing machine; jog on an indoor track or on a trampoline; jump rope; and climb lots of stairs.

Grant Will Provide TV Lessons for Students

By Don Geiss

Students in northern Michigan will have over 1,000 television lessons on various subjects available to them as a result of a recent grant through the State Board of Education.

According to Jack Keck, Regional Educational Media Center #3 (REMC) director for this area, the project, known as M*STAR, is designed to provide quality instructional television programming to all students in Michigan.

Keck, who directs the REMC through Cheboygan, Otsego, Presque Isle Intermediate School District (COP) noted that the television courses will be available to school districts in the AMA and COOR area Intermediate School Districts as well as COP. Some sample programs from the collection include "Across Cultures" - global education, "Community of Living Things" - life science, and "Letter People" - language arts. Each of the programs has 15 to 30 fifteen minute lessons.

The state grant, over \$250,000, will make it possible for the REMC to duplicate the lessons and distribute them to individual school buildings by means of a public delivery system.

Keck said that some schools in urban areas have had the materials available to them, but now there will be an equal opportunity for every student in the state to benefit from the quality instruction. He said that the grant for the television programming is a portion of the \$1.3 million that will be used to improve educational opportunities for Michigan school children. The funds were recommended by Governor James J. Blanchard in his State of the State Message and appropriated by the Michigan Legislature as part of the State Board of Education's 1984-85 Budget. The programs funded were among the recommendations contained in the State Board's "Better Education of Michigan's Citizens: A Blueprint for Action."

The M*STAR funds will

also lay the groundwork for future cooperative purchasing of instructional television equipment and accessories. In addition, the project contains provisions for a statewide professional development program in the effective use of instructional television, cable television and telecommunications systems.

Keck said that the grant money will not only purchase rights to the televised lessons but will make possible the dissemination of information of the content and grade level of each series obtained. Information about how and where to obtain teacher guides will also be provided to individual schools.

Keck said that the REMC and individual schools that have satellite receiving equipment will be provided with information about the days, times and program titles beamed over a satellite. He said that schools having the receiving equipment and obtaining duplicating rights may then videotape the lessons themselves. Those who do not have the capability of reception can request a copy of the video tape through the REMC. Keck noted that the teachers might desire to preview the lessons when they are beamed through on the satellite at the same time it is being taped for use in the classroom. Once a school tapes the lesson(s), it may be stored until it is replayed at the needed time in the classroom.

The cooperative purchasing portion of the project will include the compilation of a television hardware publication. It will be tailored to the state school needs and will provide complete specifications.

Keck said that the REMC will develop and disseminate hardware specifications for bidding and make available to all schools costs and sources so that they may purchase independently but at the bid specifications.

Keck commented that the entire project will be a much needed opportunity for north country schools to obtain collectively what one school alone could never afford.

THOUGHT FOR FOOD

No-Bake Pumpkin Pie
1 Keebler Ready-Crust Butter-Flavored pie crust
1 envelope (1 tbsp.) unflavored gelatin
1 tsp. cinnamon*
1/2 tsp. salt
1/2 tsp. ginger*
1/2 tsp. nutmeg*
1 can (14 ozs.) sweetened condensed milk (Not evaporated)
2 eggs, well beaten
1 can (16 ozs.) pumpkin

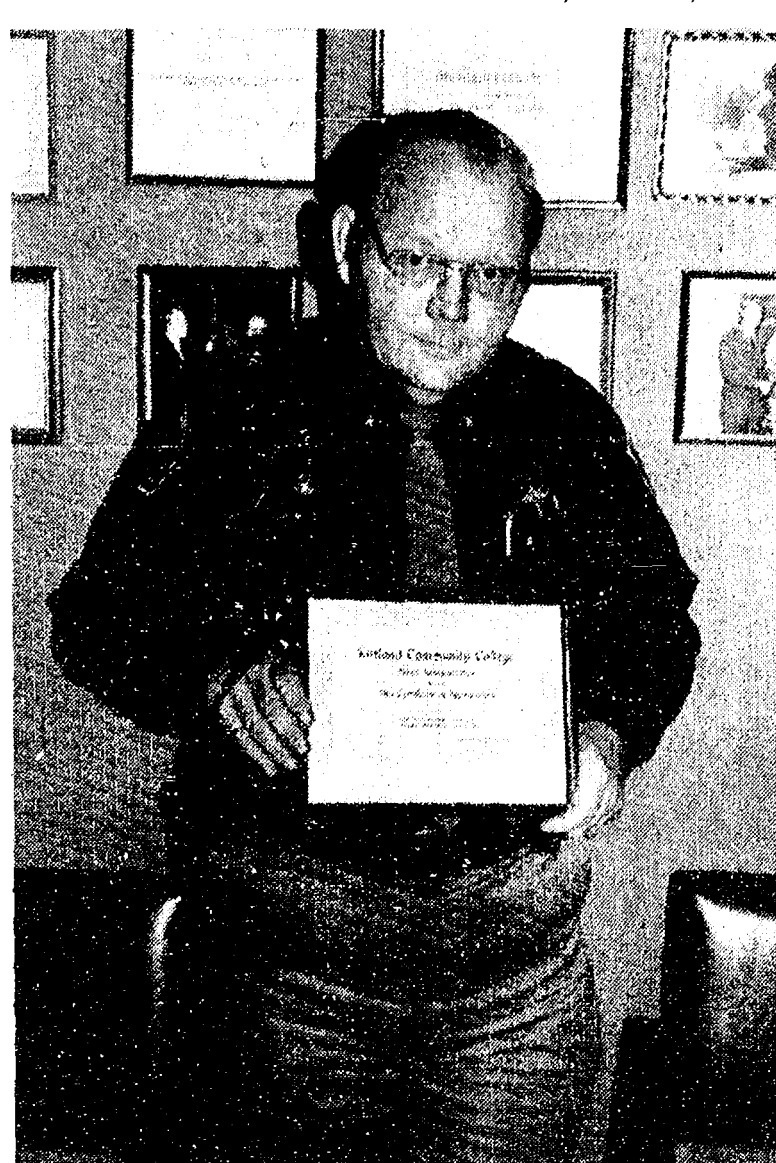

In medium saucepan, combine gelatin, spices and salt. Stir in sweetened condensed milk and eggs, mixing well. Let stand 1 minute. Cook and stir constantly over low heat until gelatin dissolves and mixture thickens slightly, about 10 minutes. Remove from heat and stir in pumpkin until well mixed. Pour into crust. Chill until set, about 3 hours. Garnish with whipped cream or topping sprinkled with cinnamon or nutmeg or as desired.

VETERANS DAY CEREMONIES — Grayling State Bank President Jack Alef leads the annual Veterans Day ceremonies held on the bank lawn. The ceremonies honored local veterans as well as all who have served for our country. Elementary students were among the 100-plus persons who braved a cold north wind to honor all veterans.

Girls Improve to 17-2 With Parents' Night Win

Grayling notched an easy 17th victory rolling over Houghton Lake 48-29 before a large Parents' Night crowd.
Kris Laudenslager led the way with 18 points for the Vikings. Michelle Barber scored 14, Michelle Moore hit for 8, Heidi Derenzy 5,

and Erin Jones 3.
Grayling played its last regular season game Tuesday at Charlevoix and will start tournament play next week at Roscommon.
The Vikings ran to a 10-2 first quarter lead and only their cold shooting kept the lead down to 23-12 at half.

Grayling was 12 for 50 in the first half and 22 for 82 overall for a poor 26 percent from the field. They shot 4 for 9 from the line.
Head coach Tom Mills said his team did a nice job of switching defenses during the game and at times their fast break looked okay.
Seniors Laudenslager, Jones, Barber, Derenzy, and Dawn Phelps started the game and senior Audra Small was the first player to enter the game for Grayling.
The entire team received a standing ovation from the large crowd at the end of the game when the league championship pins were handed out. Grayling clinched the league by winning 12 straight games without a loss.
Grayling carries a 17-2 record into the district tournament next week.

They say that behind every great man there's a woman. But in this case it's ridiculous.

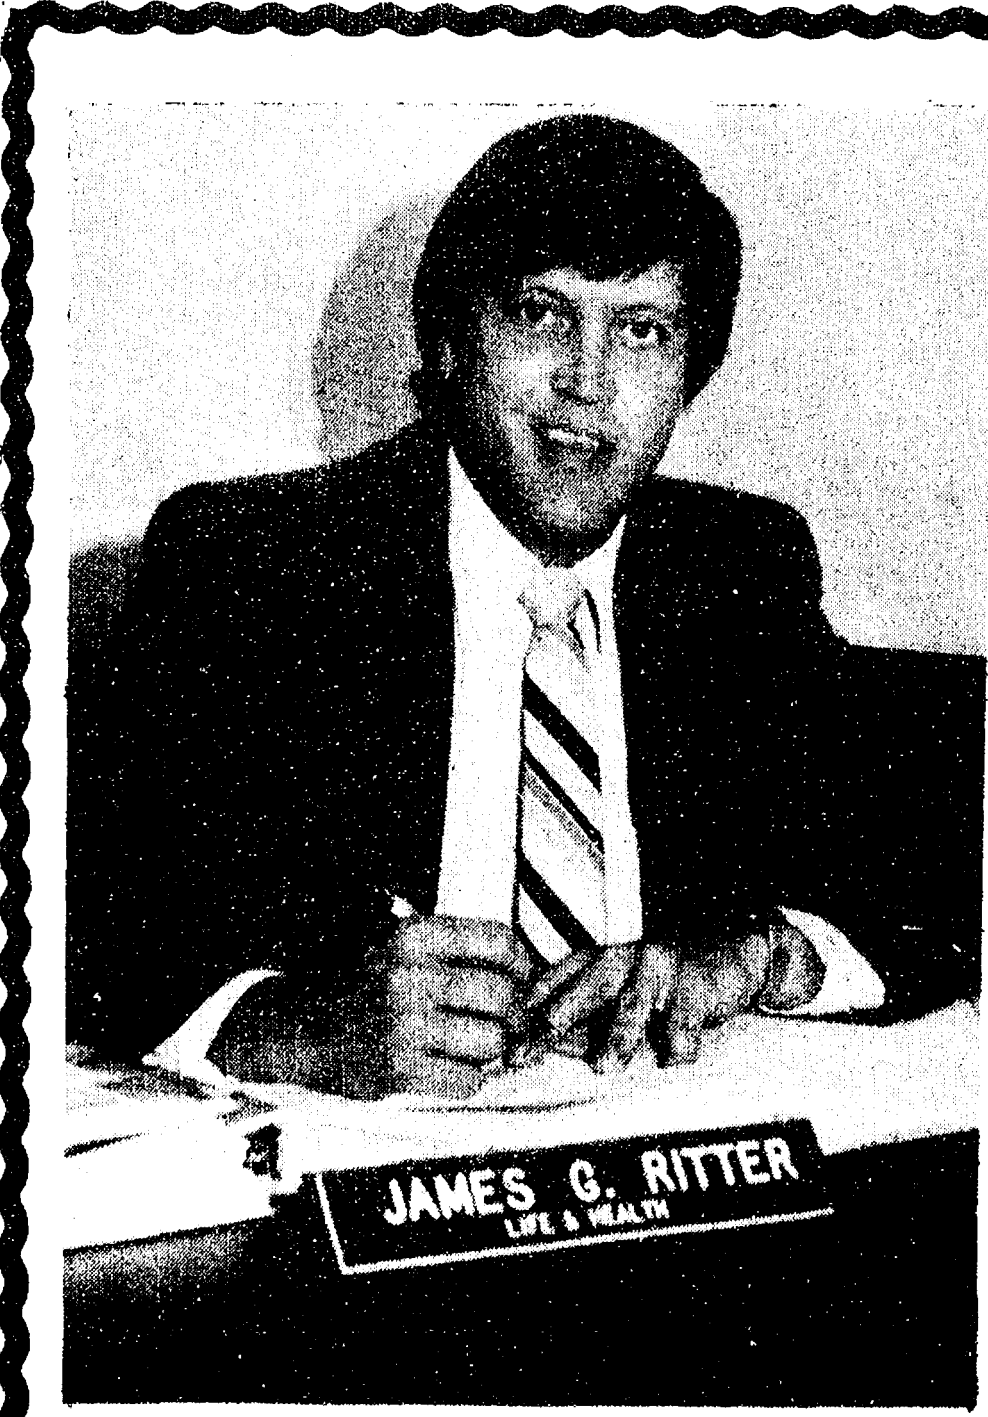

When rich, eccentric Edwina Cutwater died, she wanted her soul transported into the body of a beautiful woman. But due to a cosmic error, she's taken over the entire right side of Roger Cobb. Instead, now, he's losing his job. He's losing his girlfriend. And he just can't get her out of his system. No matter how hard he tries.

The Avalanche — Your Want Ad Paper

Where's the mandate?

by Richard Millman

WOW! THAT'S the first reaction to the November 6 election.

Anytime a candidate sweeps through 49 of 50 precincts — as Ronald Reagan did, in sweeping 49 of 50 states — you've got to sit up and take notice.

Both sides looking at the November 6 results should do so with extreme caution. By "both sides", I mean both the so-called Republican conservatives who are chortling with glee and satisfaction, and the so-called Democratic liberals who are shaking their heads with disbelief.

MANY OF THE so-called liberals are tending to dismiss November 6 as a fluke. Ronald Reagan won an individual victory, they argue. He's got personality. He's got charisma. People like him, therefore they vote for him.

But at the same time, they don't agree with him...so goes this line of reasoning. Therefore, the liberal apologists continue, Reagan's policies still should be opposed, because the people really don't agree with them.

In other words, the people elected Reagan, but not his programs.

Obviously, from a detached viewpoint, this smacks of folly. Sure, the people like Reagan, 59 percent of the voters — a majority in 49 of 50 states — endorsed his presidency, or at least endorsed the President. To contend that the voters perceive no connection between the candidate — Mr. Reagan — and his programs does not make sense.

ON THE other hand...

Many of the so-called conservatives are tending to elevate the November 6 decision by the voters as the equivalent of Martin Luther's nailing his thesis on the cathedral door...a veritable Magna Carta of conservative dogma.

Sure, the conservatives reason, Ronald Reagan has a personal appeal, but what attracted the landslide was the shift to the right; in short, it's the movement which is important, and not so much the individual who heads the ticket.

Therefore, liberalism has been denounced in 49 of the 50 states, by four out of 10 votes, and, as the champion Mr. Reagan himself pointed out in an election-night statement: "You ain't seen nothing yet!"

Just as obviously, from a detached viewpoint, this, too, smacks of folly. If the people really had endorsed everything the conservative right favors, why, then, did they return a Democratic majority to the House in Washington, and trim the Republican majority in the Senate, making the Reagan conservative-pointed program more difficult to put into law?

It appears, then, that the mandate as the liberals see it is to continue to push the liberal agenda, because that's what the people really want; the mandate as the conservatives see it is to push the conservative agenda, because that's what the people voted for.

So, you pay your money and take your pick. There's both truth and folly on both sides.

IS THE DEMOCRATIC party done for? Not at all.

Democrats should be concerned by the Reagan victory, but not nearly as much as by simple recent election history. It should concern Democrats that their champion presidential vote-getter of the last 20 years was Jimmy Carter with 51 percent of the popular vote in 1976, and their next best vote-getter over that span was Hubert Humphrey with 43 percent in 1968.

But Republicans should be concerned, too. They won't have Ronald Reagan to head the ticket in 1988, and the landslide of 1984 may have little, if any, lasting power. The Republicans, too, should inspect recent electoral history.

The 1984 Reagan landslide compares with the 1964 vote when Democrat Lyndon Johnson buried Republican Barry Goldwater. The question then, as now, is whether the losing party was finished as a force in American politics.

Fortunately for the Republicans, the winning Democrats couldn't capitalize on their good fortune. Instead, reformers and other ideology pushers within the Democratic party helped produce Mr. Humphrey's 43 percent showing in 1968 and George McGovern's even more dismal effort in 1972.

The seeds are there for a repeat performance on the Republican side. Are the Democrats done after 1984? Not at all, and chances are, Republicans will assist their resurrection.

Eighth Grade Activities

The eighth grade class is selling posters and stickers to raise money for their class trip in the spring. Many students have earned great prizes, as well as, the money to be used toward their own cost of the trip.

Advanced Studies

Advanced Studies students, taught by Mrs. Gayle Mills, have been writing interactive programs with the Apple computers in the lab. The students have been learning word processing using Bank Street Writer. They are planning fundraising activities for a spring trip.

Home Economics

The homemaking classes have completed their first nine week block. Sixth graders are proudly displaying their tote bags which lucky moms and grandmothers are sure to receive. Let your eighth grader prepare the Thanksgiving apple pie — they're reasonably good at it! Seventh graders concentrated on snacks that could be served at after-game parties in their foods lab experience. The teacher is Mrs. Dora Lantzsch.

Library News

The library has received several new filmstrips: "Where the Red Fern Grows", based on the book by Wilson Rawls. "The Cat and the Painkiller" by Mark Twain. "Jo's Terrible, Terrible Temper" by Louisa May Alcott. "The Love Master" by Jack London. "Rip's Long Sleep" by Washington Irving. "To Build a Fire" by Jack London. These filmstrips will be used by the English, reading and literature classes. After viewing a filmstrip it encourages the reluctant reader to complete a whole book. The middle school librarian is Mrs. Pat Failing.

Michigan and rest of Region Lagged Behind National Recovery

Warren M. Hoyt, Executive Dir., MPA

According to a recent report by the U.S. Bureau of Labor Statistics, the economic recovery in Michigan and the rest of the immediate region trailed the national recovery in 1983.

The Bureau's Monthly Labor Review noted the North Central region was the only one of four regions to report an overall decline in the size of the labor force.

That, along with a modest recovery in cyclical manufacturing industries, helped explain the 2.9 percentage point drop in unemployment rates between the fourth quarters of 1982 and 1983.

Meanwhile, non-agricultural payroll employment grew by about 1.5 percent, the lowest among the regions.

By comparison, the unemployment rate in the West Region dropped 2.4 percent while payroll employment rose faster than in any other region; in the Northeast, unemployment rates fell 1.9 percentage points and payroll employment rose 2.1 percent; and in the South, unemployment fell 1.8 percent while payroll employment fell 1.8 percent while payroll unemployment increased 2.9 percent.

The report said Michigan had one of the largest reductions in joblessness in the nation (4.2 percentage points). However, declining numbers of workers in the labor force, partly because of out-migration but also because of withdrawal from the labor force, perhaps caused by discouragement and other factors, contributed to the reduction in unemployment in all East North Central states except Ohio.

The report said the key to the unemployment rate drops in Michigan, Ohio and four other states had had recorded the largest prior increases in joblessness was a cyclical upswing in manufacturing, which usually was accompanied by a recovery in construction, trade and service industries.

Still, the report said manufacturing employment levels were 10-20 percent below

pre-recession 1979 levels, and in the region, only Minnesota and North Dakota showed gains in construction above the national rate.

Relatively small gains were reported in service-related employment in the North Central Region (at about a half of a percent), the report said, with losses in government, transportation and public utilities offsetting gains in finance, insurance and real estate.

Government cuts were concentrated in Michigan with 11,000 jobs eliminated, Illinois with 29,000 and Indiana with 3,000.

The report said the fastest employment growth was in states in the southern half of the country, as well as New Hampshire and Alaska, and those states typically had underlying trends of rapid growth which helped insulate them from unemployment rate increases during the recession. The labor force in the South grew faster (1.5 percentage points) than in any other state.

State Increases use of Recycled Products

The state has taken "encouraging first steps" toward large-scale recycling by increased use of recycled paper and other products, and purchasing them from a waste-to-energy conversion plant, Governor James Blanchard said.

The conversion plant is to be built near Jackson and its steam will supply heat for the Southern Michigan Prison.

Management and Budget Director Robert Naftaly also said the agency is purchasing recycled paper for the first time and removed restrictions on use of recycled materials for oil and trash bags.

He said the state is studying the use of recapped tires for state cars and use of re-inked data processing ribbons.

DMB has awarded a contract for 1.5 million pounds of bond paper containing 60 percent recycled fibers for this year's letterhead paper supply and two contracts for recycled paper containing 35 percent recycled fibers for use in state forms.

Doodles From The Tall Timber

By Wendell L. Hoover
Park Interpreter

On November 11, 1941, hurricane force winds destroyed about half of the 86 acres of the Virgin Pines. Why in one day were those winds able to do what similar winds had not been able to do for hundreds of years?

One of the requests made by Mrs. Hartwick when she donated the land for the Hartwick Pines State Park in October of 1927 was that a new road be built into the area; M-93 was the result of that request. However, M-93 cut across a corner of the Virgin Pines through the swampy ground adjacent to Hartwick Lake. In order to stabilize the roadbed, a great amount of muck was removed from the route the road would take. The muck was replaced with materials which could be compacted to support the roadway. The soil which replaced the muck was packed to such an extent that water collecting on the northwest side of M-93 could not follow the centuries-old drainage pattern through the swamp to the southeast of M-93. In fact, M-93 was a dam which held water, which in turn loosened the hold of the white pine roots in the soil of the low area. When the November gales came, they followed the avenue provided by M-93 through the pines. The winds were able to get a full swipe at the flank of the pines whose roots were not able to hold in the water-softened soil. The end result was a loss of 450,000 board feet of timber.

Umlas, head of the department. Admission is by donation, with proceeds going to the Crawford County Arts Council to cover local expenses.

Brecht's play is a colorful two-part fable about a young maid, Grusha, who is the servant of a prince in southern Russia, near the Caucasus mountain range. When the prince is deposed, Grusha saves his baby son from the rioting crowds, adopts him as her own, and flees with him to the mountains, in spite of great personal risk and sacrifice. She is eventually captured and returned to the capital for trial.

The second part of the play deals with the adventures and misadventures of a wily rascal, Azdak, who is promoted to the position of judge during the political confusion of the revolution.

Arts Councils Dance Program

The Crawford County Arts Council's dance program ballet instructor Louise Tournaud Hayes held auditions for the spring ballet, "Cinderella," on Saturday, November 10, at the Crawford County Arts Center in the Grayling Mini Mall.

Dancers were chosen by a panel of judges which included: Kevin Bailey, Kathy Butler, Bobbi Felix, Teresa Furst, and Alice Miller.

Dancing the role of Cinderella is Autumn Sopsack. Stephanie Hindmarsh will be her Stepmother; and Theresa Ketchum and Andrea Schans have been cast as her Stepsisters. The Fairy Godmother role will be danced by Vicky Hatfield.

The Mice include: Amy Denton, Necia Gilbert, Ramona Stancil, Joell Schans, Jennifer Gillon, and Karen Adkins.

The last thing you need when you're over 55, is a problem paying for your car insurance.

Age has its rewards. Sometimes. It does with Auto-Owners. They give good drivers age 55 or older a discount. So instead of raising your premiums or reducing your coverage you may pay a little less for your auto insurance. Auto-Owners respects maturity and a good driving record. Just ask your "no problem" Auto-Owners agent how he can save you money on your car insurance. When you hear the news, you'll be glad you've got a few years behind you.

Pettit-Brown Exchange Vows

A double ring ceremony at Michelson Memorial United Methodist Church on Saturday, October 27, 1984 united Roxanne Marie Pettit and James Brown.

The four o'clock ceremony was performed by Reverend Jeffery Regan before two hundred and fifty guests. Janet Dice was organist. Roxanne is the daughter of Ms. Laura Pettit of Grayling and Billie D. Pettit of Mt. Clemens. James is the son of Mr. and Mrs. Tom Brown of Grayling.

The Bride, given in marriage by her father wore

a handmade gown of Satin Brocade with elbow length puffed sleeves. The finger tip veil was held in place with a flowered head band, she carried a cascading bouquet of satin deep plum & white roses & mums.

Laura Pettit, mother of the bride was Matron of Honor. Tami Pettit, sister of the bride was her bridesmaid. They wore matching deep plum off the shoulder gowns. Flower girl was Jennifer Barber, cousin of the bride, she wore a gown identical to the Brides'.

Paul McClain served as best man, Randy Smock was groomsman. Shane Barber, cousin of the bride was ring bearer.

The Grooms mother was attired in a street length dress of deep blue.

Following the wedding a reception was held at Patti's Country House.

The Bride and Groom are both graduates of Grayling High School.

Out of town guests were from Detroit, Newberry, Mt. Clemens, Flint, Otisville and Davison.

A special thank you to all our friends and relatives that made this a very special traditional wedding with their help on food, flowers and dresses.

What's in a Timber Sale?

Timber harvesting is a necessary and profitable component of good forest management. Timber sales should be scheduled according to the composition of each individual woodlot, allowing some leeway for favorable market conditions.

Once it is determined that the timber should be harvested, an accurate estimation of the volume is necessary. The timber can then be advertised with regards to the volume of each species and product present. To determine fair market value and insure the landowner the best price, competitive bids should be solicited. Bids are usually written and sealed, to be opened by the landowner at a specific time and date. The landowner can then choose the highest bidder and/or the most reputable bidder, or he can reject all of the bids if he so chooses.

A written timber sale contract is completed with the successful bidder. A good contract protects both the landowner and the logger. It should specify the conditions of the sale, such as which trees are to be cut, the date

cutting is to be completed, road repair, etc. The contract should be tailored to the sale and signed by all parties involved.

Once the harvesting operation begins, the landowner or his agent should monitor the cutting progress. Monitoring will clear up any questions and ensure that the provisions of the contract are being met.

Timber sales can improve the vigor of a woodlot, provide the landowner with income, and are the livelihood of local loggers. Properly prepared and administered, timber sales are beneficial to everyone involved.

The Crawford-Rosecommon Soil Conservation District can help with timber sale planning. The office is at 409 Lake Street in Rosecommon; Phone 275-5231.

AARP to Meet

Rye's Syndrome Bowl-A-Thon

We wish to thank all of our friends and neighbors for the contributions toward our annual bowl-a-thon, the Legion Lanes for allowing us to hold it in their bowling lanes, but most of all we thank the children who worked so hard in getting the needed sponsors. Children helping children. In the past five years we have taken in our \$6,000.00 to be used for the fight against this devastating disease. We started out with our profits being used toward awareness programs to inform people what RS is and what it can do. Fortunately the government has now taken over most of that and now the funds have been put to use in the researching of this disease.

We are sorry to add that because of unforeseen problems we will no longer be holding an annual RS bowl-a-thon here in Grayling. But because of the caring, response and generous support of our friends and neighbors we hope to find some other ways of raising funds to continue our research and fight against the devastation of this disease.

We also would like to express our gratitude to R & H Sports, the new K mart store, and all the merchants of the past five years who have helped us put on our annual fund-raising event. To give a child the gift of life is the most beautiful of all gifts, and in many ways you have all added to that gift. Again thank you for the past five years of your support.

Resource Review

By Bruce Patrick
Conservation Officer

What would you say if someone walked onto your property and stole something from you? Perhaps taking your kid's new bike, or your lawnmower. I don't suppose you would be very happy.

But that is exactly what happens when a poacher kills a deer, takes a fish or cuts a tree illegally. These resources are, by law, the property of the State, held in trust for you and every other person in the State.

The Legislature has conferred upon the Department of Natural Resources the responsibility of managing these resources for the best use by most people. That is why we have game laws.

In the late 1800's, there was a large demand for certain wild animals - some for food, some for their hide and some for feathers. The unrestricted market hunting of that era drove some species to the brink of extinction. Some species actually became extinct, not solely due to market hunting, but with such activity a contributing factor.

The sport hunters of the time, the first to recognize the problem, demanded and got protection for game animals. This soon extended to fish and non-game species as well.

The sportsperson, through hunting and fishing licenses and special taxes on their equipment pay for this protection. An 11% excise tax on guns and ammunition, for example, funds various state and federal management efforts.

The money you pay for your hunting and fishing licenses goes into the Fish and Game Protection fund and is used for management of fish and game and for natural resource law enforcement.

You might ask what this has to do with your kid's bike being taken from your yard. Well, it is really quite simple - if you pay for something and someone steals it from you, you should get upset. If that person steals a deer, for example, it costs you money you have spent through your license fees and the excise tax.

Now, if you saw the person steal the bike, you wouldn't hesitate to call the authorities and have him arrested. Your wrath would know no bounds. But what about the person that steals the deer? Would you react the same way? Some people do. Some do not. Many times I have received a call from someone who says "I wouldn't want so and so to get into trouble, but he is killing a lot of deer." The caller won't give their name or get involved further. The information received, though valuable, usually isn't enough for further immediate action.

What we need is more public involvement in our enforcement efforts. People willing to step forward and take action to halt the theft.

Remember, it is your property that we are trying to protect.

LIONS SPONSORS — The Lions and Lioness Club of Grayling are pleased to announce the sponsorship of William I. Dean II as a member of the medical relief organization called Student Volunteer Optometric Services to Humanity (S.V.O.S.H.). S.V.O.S.H. is a student organization dedicated to providing optometric services to underserved populations in the United States and abroad.

Bill has been selected to travel to Columbia, South America. During a typical SVOSH mission, a single optometrist may examine 80 persons a day in a typical one week trip. Over a thousand needy people will receive their first eyeglasses ever. The thousands of eye glasses dispensed on each SVOSH trip are donated by civic clubs, churches, and professional offices.

Bill is a 1977 graduate of Grayling High School, received a B.S. in chemistry from Hope College in 1981, and is currently a 4th year optometric intern at Illinois College of Optometry in Chicago.

You may contribute usable eyeglasses and frames by taking them to any optometrists office or Lions Club eyeglasses collection depot. You can be assured they will be used in future SVOSH projects.

NOTICE TO MICHIGAN TELEPHONE CUSTOMERS OF LEGISLATIVE INQUIRY

On September 26, 1984, the Michigan Public Service Commission (MPSC), on its own motion, scheduled a legislative inquiry (Case No. U-8035) to evaluate Administrative Rule 460.1960, with respect to all telephone companies limitation of liability.

The MPSC has directed General Telephone Company of Michigan and Michigan Bell Telephone Company to file prepared testimony by November 16, 1984 to address: (1) Michigan law on the issue; (2) justifications for the rule; (3) effect of the rule on telephone companies and their shareholders; (4) effect of the rule on customers with or without claims against the telephone company; (5) effect of eliminating some or all limitations of liability; (6) modifications of the rule to reflect divestiture; (7) other appropriate modifications. All other telephone companies may, if they choose, file prepared testimony. Filed testimony will not be subject to cross-examination, but will be subject to questioning by the Commissioners, Administrative Law Judge or the Commission Staff.

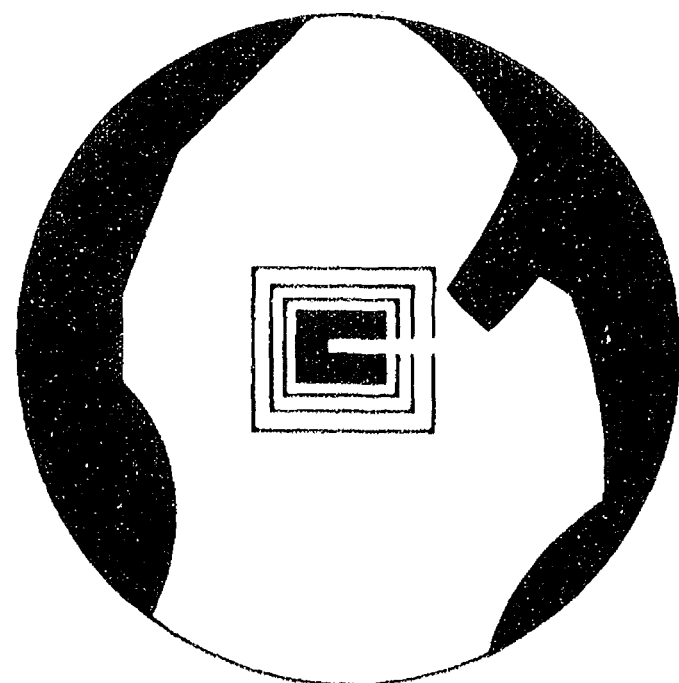

Notice is hereby given that the MPSC will hold a public hearing to commence at 9:30 a.m. on December 10, 1984 in the offices of the Commission, Mercantile Building, 6545 Mercantile Way, Lansing, Michigan.

All interested persons may submit written comments which are to be filed on or before the last day of hearings. Comments should refer to Case No. U-8035, and can be sent to:

Chamber Chatter

By Staff

We were honored to be among those that paid tribute to Bernie Fowler, Grayling Township Supervisor, on Saturday night November 10th. The many people who gathered at the Holiday Inn included dignitaries and officials from Township, County and State organizations, who recounted many of Bernie's attributes. Bernie's 23 years of service to the Township primarily and the entire county as a matter of accomplishment. Bernie's interest and involvement in aviation created an ambition to improve and maintain the facilities at the Grayling Airport. His leadership in community affairs led to his participation in Industrial Development. The Bonding Programs and Tax Abatements as they applied to Grayling Township were carefully led through red tape, regulations and a maze of paper work by Bernie. His great love for the outdoors and particularly canoeing led to many Alaska expeditions. He is considered an outstanding fishing guide and long boat handler. His accomplishments and accolades go on forever. The Grayling Regional Chamber of Commerce, its officers and members join the community in wishing Bernie and wife Pat some relaxation, good health, and God's good graces for the rest of their lives. Thank you both for being a part of Grayling and Crawford County.

The light poles downtown have a fresh coat of paint, thanks to the City of Grayling and Consumers Power Company and are also enhanced by the Christmas decorations which we look forward to seeing lit each yuletide season.

Two more trees have been added to the Chamber landscaping, all because of the generosity of Mrs. Norberta Sawyer. Thank you, Norberta, Glenn's memory shall be preserved.

The Icehouse on Norway Street has a new bay window for displays - how beautiful! Also, Jill Wyman claims the original building is much too small so she is adding a breezeway to connect the building next to the Icehouse to utilize both facilities. A great improvement for Norway Street.

Santa Claus will be arriving in town on November 23, however, word has it that he is receiving letters already. He asked us here at the Chamber office to inform the parents and children to send his letters to the Grayling Post Office and be sure their name and address appear legibly on them so Santa will know where to return his letters.

Ken Hellebuick of K & K Masonry, located on Jones Lake Road, is the newest member of the Grayling Regional Chamber of Commerce. Welcome aboard, Ken.

Don't forget to light up your homes and businesses on November 23 at 6 p.m. to welcome Santa and the Christmas season to Grayling. Let's make this the brightest season we ever had.

Have a Happy Thanksgiving!

As Thanksgiving approaches once again, we at RSVP find ourselves reflecting on all the things for which we have to be thankful. Several volunteers have experienced the loss of loved ones this past month, reminding us foremost of how thankful we are for life itself. We grieve with them and give thanks for family and friends who support them during a difficult time. We are especially thankful for each and every RSVP volunteer for the many hours they so selflessly give, making life at home and work for many people in our community much easier.

Remember if you are 60 years of age or older, we need you. Call 348-4341 or 348-4322 or stop by to see us at 308 Lawndale.

Special needs which are still waiting for volunteers to fill include: 1. Someone to help tutor Spanish students at the High School. 2. Office help for the Community School Office. 3. Help Special Ed teacher at the High School. 4. Teachers helpers for our school children at the Co-Op Nursery. 5. Drivers for Meals on Wheels. 6. Telephone reassurance callers and friendly visitors.

If you are interested in any of these areas, please call the office.

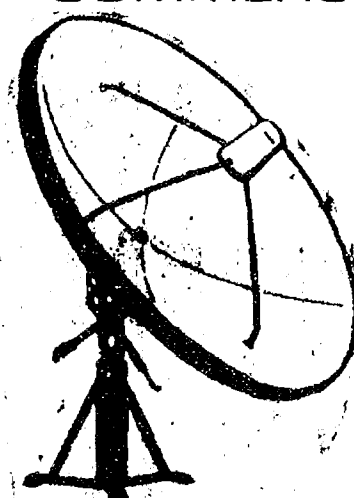

Happy Thanksgiving to All

Nov. 15, 1984
Letter to the Editor,

In answer to Mr. Riordan first and second letter in the Avalanche I would like to make a comment. In regards to his first letter Mr. Riordan you knew Camp Grayling was here when you bought your property and they held summer training camps every year. So if you don't like living in a "war zone" why did you move up here in the first place? You remind me of a woman in Detroit who wanted to buy a house but first wanted Selfridge A.F.B. to move their runway so she wouldn't have to listen to the planes flying overhead.

I have lived here all my life, the planes fly over my house and so do the helicopters at tree top level and I have to listen to the range firing at night, but so what, the noise doesn't bother me as I am use to it. It doesn't bother any of my friends from the city either most of them come up here to get away from the noise of the city.

You also made a comment on there should be more tax breaks for retired people. Do you mean retired on a pension or on Social Security? You read about the UAW contract just signed that increased their pension to about \$1,250.00 a month and of course they can also draw Social Security (if old enough) and that can give them another \$400.00 or more a month for about \$1,600 a month to live on. That is more money than I earn in two months working for a living. I am not complaining but I feel the people who need a break are the ones on Social Security and nothing else not the people who retire on pension like the auto workers and other labor people who can afford two homes, trips, brand new cars every year etc.

As for his second letter it didn't really make any sense. As for the guards training with obsolete equipment, most of the stuff I have seen is quite modern. Most of the training is given under regular Army evaluations; and part of the group training are regular Army. As for nuclear war as you commented I have a son in the Army who is a crewman on a

nuclear missile so what about them. I can only say for you if you don't like living up here in the summer war zone then you should move someplace else.

And in closing I would like to say that elderly people living on an income of \$500.00 or less a month in my opinion are the only ones who really need and deserve tax breaks.

Nov. 16, 1984

Dear Whitey,
I have been reading the school election bonding proposition in the Avalanche. Number 1 appears as though there would be no increases in taxes. But number 2 is stated - "Millage increase". Now most people are confused by election proposals and at a glance would have the impression of a millage increase on number 2 only.

Number 2 proposal is to maintain the present middle school and do a much needed upkeep on a building which has been neglected for years. This building is structurally safe and can be put back into its original condition and preserve the school for generations to come, for a much lesser amount than a new school building will cost.

I encourage the voters to vote "No" on proposal number 1 and "Yes" on proposal number 2, so we can have this middle school building issue settled on December 18th.

Letter to the Editor:
I want to publicly thank Mary E. Harland, County Commissioner and Chairperson for Commission on Aging, for her many hours of hard work and strong dedication for the Seniors in Crawford County.

Mary worked extremely hard to hold the Commission on Aging together, and to solve the problems involved in relocating in the Grayling Housing Facility.

I appreciate Mary's dedication and know many other people feel the same way. Great job, Mary! Thanks for caring.

To The Editor:

As Adjutant General for the State of Michigan and Director of the Department of Military Affairs, I am constrained to respond to Mr. John Riordan's letter to the Editor dated October 11, 1984 with regard to the Michigan National Guard and their readiness training at Camp Grayling, Michigan. He is obviously unaware of the importance of the National Guard and Reserve Forces to the total defense program of our Country and he has done a disservice to the many dedicated young men and women that train at Grayling, together with the many Crawford County and Grayling citizens that support a strong defense policy.

The role of the National Guard, both in Michigan and throughout the Country, with regard to civil disorders, natural disasters and emergencies, only represents a very small part of our overall mission. The Michigan National Guard is composed of approximately 14,000 part-time personnel that drill one weekend each month and two weeks each summer, together with other training commitments. The Army National Guard is composed of approximately 11,500 personnel and the Air National Guard is composed of approximately 3,000 personnel, both male and female. We are supported each year by approximately \$160,000,000.00 in direct Federal funding to pay our personnel and in addition, we receive approximately \$20,000,000.00 each year for construction and money to upgrade our training facilities at Alpena, Selfridge, Battle Creek and Camp Grayling.

The Army National Guard comprises 38% of the Army's entire organized structure with 10 Divisions out of a total of 26 Divisions in the entire world. The Reserve Components represent 80% of all Separate Brigades, 50% of all Special Forces Groups, approximately 50% of all Armor Battalions, 60% of all Field Artillery Battalions, 75% of Conventional Ammo Companies and 75% of all Maintenance Companies and 100% of all Training Divisions in the entire Force Structure.

In the Air Reserve, we represent 62% of all Continental United States Strategic Interceptors, 35% of all Tactical Fighters, 22% of Aerial Refueling, 40% of Rescue and Recovery, 50% of Strategic Airlift Crews, 60% of all Tactical Airlift and approximately 55% of all Tactical Reconnaissance. Contrary to Mr. Riordan's comments, the Active Army and Air Force cannot survive in anything except a very minor conflict without the immediate mobilization of all National Guard and Reserve Forces. Under the "One Army" or "Total Force" concept, the Michigan National Guard trains continuously with Active Component Units both in the United States and overseas on a continuing basis. Approximately 2,000 of our personnel will train overseas in 1985 with Active Component personnel and the same is true with the Air National Guard. Our personnel are so proficient that the Army is pleased to train with them in every instance and would take them in a minute.

Your National Guard personnel are continually preparing for conventional warfare and our personnel spend many long weekends and annual training periods attempting to maintain a high state of readiness. As additional information to Mr. Riordan, the Soviet Union and Warsaw Pact countries have approximately 5,000,000 men and women in uniform as opposed to a total of 2,200,000 Armed Forces personnel in the entire United States Force Structure. The Soviet Union has approximately 40,000 main battle tanks compared to our 13,000 in the NATO Forces. They have 31,500 artillery pieces as compared to the NATO Force Structure's of 10,750. They have 78,800 armor personnel carriers and infantry fighting vehicles as opposed to 30,000 in the NATO Forces. They have 24,300 anti-tank missile systems as compared to 8,100 for the NATO countries.

I believe that your readers would quickly agree that we must maintain a strong defense force to counteract this very serious threat and our personnel need to know how to use all of these weapons systems because the Russians and Warsaw Pact countries are very competent and very knowledgeable in the use of their weapons systems. Our training must, therefore, be rigorous and intensive and we must maintain a state of high readiness at all times.

Our jets must train to meet every "real world" potential conflict in both air to air combat, air to ground combat and reconnaissance. Our helicopters must fly at tree-top level to perform "nap of the earth" training in order to survive in combat. Our tanks and howitzers must fire their conventional weapons systems with live rounds in order to maintain combat effectiveness. These weapons systems cause noise and disturbance, but isn't the price of freedom well worth this inconvenience and distraction?

Congress has determined that the maintenance of a strong National Guard and Reserve Force is imperative for the defense of this Country. As an example, the Active Army is being capped at 780,000 military personnel and this cap will remain for at least five years. This is the lowest number of men and women that we have had in uniform since the beginning of World War II. It obviously costs a great deal less to train the Reserve Forces than it does the Active Army. Your Reserve Forces only account for 6 or 7 cents out of every defense dollar that is spent. The Army National Guard is being increased from 417,000 at the end of FY83 to 499,000 in FY89. The Air Guard is increasing from 101,781 in 1983 to 117,998 in 1989. Our share here in Michigan should be an additional 3,500 to 4,000 Guardspersons based upon our population and our number one priority is to recruit and retain the necessary numbers to achieve these strength goals. As taxpayers, we must all try to reduce the National Defense Budget and to do this, we must increase the strength of the Michigan National Guard, as well as the Reserve Forces in other states.

Our members spend many hundreds of extra unpaid hours each year with correspondence training courses, attending USAR schools and various additional training activities to maintain their military proficiency. In 1984, approximately 40,000 personnel from Michigan and other states trained at Camp Grayling to maintain their readiness and in addition to this very vital mobilization requirement, many millions of dollars were brought into the Grayling and Crawford County communities. We attempt at all times to be good neighbors to the Grayling area and do our best to protect the environment and minimize the training impact on this very beautiful area. While we recognize everyone's desire to have peace, quiet and recreation, Michigan is unique in that it only has a National Guard training site and unlike many states we do not have Active Army Posts where thousands of fulltime Active Duty personnel train around the year with considerably more impact and disruption to those communities.

I would, therefore, sincerely appreciate it if Mr. Riordan and any other persons that share his opinions which are adverse to the National Guard, re-examine their position and recognize the absolute necessity of maintaining a strong defensive posture and to accept the true and unique value of our part-time militia, both with regard to our state mission as well as our federal mission. I apologize for the length of this letter, but due to the vital importance of communicating this background to our friends in the Grayling, Crawford County and adjacent areas, I felt that it was of the utmost necessity.

Sincerely,
Vernon J. Andrews
Major General, MIA RRG

From City Treasurer re: Analysis of Selected Accounts.
From Consumers Power Co. re: Painting of Power Poles. Council expressed a desire to have Mr. Hoffman appear at a future Council Meeting to explain Consumers Power Co. maintenance program.

From Staff re: Status of several legislative items. Mr. Sabin requested that Senator Cropsey be notified of Councils interest in S.R. 853.
From Michigan State Police re: Open House at Forensic Lab Thursday, November 1, 1984.
From M.S.H.D. re: Left-turn signal at Michigan and Cedar Street.

From United Way of Crawford County re: Fund Campaign. Old Business
The City Manager presented a letter from Grayling Township Supervisor Fowler in regard to a possible street light at M-72 E. and Industrial Street. The Township Board discussed the suggestion and agreed that they would be willing to split the annual cost of such a light on a 50/50 basis.

Motion by Golnick, supported by Sabin that the city participate with Grayling Township on a 50/50 basis for a street light at M-72 and Industrial Street. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Three bids were received for installation of a new roof for the Fire Station. Mr. Morford, Grayling Township Supervisor and City Treasurer studied the bids and recommended approval of the low bid.

1. Jerry Britton Roofing.....\$7,500.00 Plus \$3.00 per Sq. Ft. for Deck Removal.
2. ARS Roofing.....\$7,850.00 Plus \$3.00 per Sq. Ft. for Deck Removal.
3. Miner Roofing.....\$6,750.00 with Deck Removal in co-operation with owner.

All bids included a 10 year warranty.
Motion by Sabin, supported by Golnick that Council accept the bid of Miner & Son Roofing and authorize the City Manager to have the roof replaced. Ayes: 5, Nays: 0, Absent: 0, motion carried.

A letter from Richards & Associates explaining their April 12, 1984 statement to the city was presented.
Motion by Latuszek, supported by Sloan that Council approve the payment of item 3 with reduction of \$645.00 and item 4 of the Richards & Associates Invoice. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Motion by Sloan, supported by Latuszek that Council approve payment of the Richards & Associates invoice dated October 12, 1984 in the amount of \$1,999.68. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Mr. Morford presented an inter-office memo from the City Treasurer relative to installation of Christmas Decorations on power poles along I-75 BL. South. Depending on the kind of decorations selected the cost would range from \$2,996.00 to \$3,288.00 for decorating 6 poles.

Motion by Golnick, supported by Latuszek that the city purchase 12 "Star of Bethlehem" decorations for the 6 light poles on I-75 BL. South. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Mr. Morford asked if Council had any preference for the location of the Nativity Scene. Council agreed that the City Hall lawn was the best location.

The City Manager presented to Council a compilation of costs involved in the purchase and demolition of the former Laura Smith house on Lawndale. Costs to date total \$3,278.43. The building has been removed and the property is ready for resale. He asked what Council's desire was for disposal of the property.

Motion by Thompson, supported by Sloan that the property be listed with Clough Real Estate with a price of \$3,000.00. Ayes: 5, Nays: 0, Absent: 0, motion carried.

New Business
A Resolution of appreciation for Bernard J. Fowler was presented by the City Manager.

Motion by Sabin, supported by Golnick that
WHEREAS, on April 10, 1961 Bernard J. Fowler did assume the duties of Supervisor of Grayling Township and
WHEREAS, he has served in that capacity for more than 23 years and
WHEREAS, during the intervening years he has co-operated with the City Council and the City Administration in numerous joint projects.

NOW THEREFORE, BE IT RESOLVED by the Grayling City Council that they express their appreciation and Thanks to Bernard J. Fowler for his years of service to the people of the Grayling area and wish both he and Mrs. Fowler a happy and fulfilling retirement.

Ayes: 5, Nays: 0, Absent: 0, motion carried.
Mr. Morford noted that November 12, 1984 is a holiday for city employees and requested that the City Council Meeting scheduled for that evening be changed.

Motion by Thompson, supported by Sloan that the meeting scheduled for November 12, 1984 be re-scheduled for Tuesday, November 13, 1984 at 7:30 p.m. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Reports of City Manager. Mr. Morford reported on the following.
Information on banners across I-75 BL regarding insurance coverage and State Highway Department regulations.

M.M.L. Liability and Property Pool Dividend and Seminar on Municipal Risk Management November 28, 1984.
Motion by Latuszek, supported by Sloan that Mr. Morford and Mr. Schreiner be authorized to attend the Seminar with the city to pay the related costs unless the M.M.L. Pool will pay the costs of the Trustees. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Appointment of Mr. Morford to the M.M.L. Public Works and Transportation Committee. Mr. Morford informed Council that he intends to decline the appointment. Council passed no objection.

Petition re: McNamara Fruit Stand on I-75 B.L. Mr. Sabin stated that he has received several questions about a peddlers ordinance. He has researched the matter and determined that a "Peddlers Ordinance" is discriminatory if it restricts a business which has no business facility. He noted that as far as parking in the area is concerned any parking violations must be enforced uniformly at all business locations. Mr. Thompson suggested that the petition signers be sent a letter explaining the city's position in the matter.

Millage rates for various units of government in Crawford County.
New automatic controls for the two wells to be installed as soon as possible.

Reports of Councilmen.
Mr. Sloan asked about the junk car situation. Mr. Morford stated that these are being looked into and that this is a continuous process.

Mr. Thompson reported that he had a telephone call regarding a portable sign at a local business which the caller said is creating a traffic hazard. Several discussions of signs in the city, portable and otherwise, took place with all agreeing that further study should be done and perhaps some regulation is needed if the problem is not solved by sign owners policing themselves.

Adjournment
Motion by Golnick, supported by Sloan that the meeting be adjourned. Ayes: 5, Nays: 0, Absent: 0, motion carried. The meeting was adjourned at 9:11 p.m.

2nd Annual Grayling Christmas Home Tour Set for December 2nd

Shown here are three of the six homes included on this year's Christmas Home Tour. The other three will appear in next week's Avalanche.

Tickets and information about the Christmas Home Tour are available at the Chamber of Commerce, 348-2921. Also available are limited edition Christmas ornaments inscribed with the year.

Wild Game Dinner Benefit Set for Thursday, Dec. 6

A Wild Game dinner at Mitch's Arrowhead Inn in Grayling will be held Thursday, Dec. 6, with all proceeds going to the Grayling Winter Sports Carnival.

Dinner, including duck, deer, and other wild game, will be served from 6 to 10 p.m. Donations for the dinner will be \$5 with all money going to the Grayling Winter Sports Carnival. Tickets are available at the Arrowhead Inn and Cornell Realty.

Any hunters wishing to donate wild game for the dinner can deliver it to the Arrowhead Inn.

Helen and Ray Schuster

Built about 1900 for one of the pioneering Hansons, this gracious three-story home combines the charm of the past with the comfort of today. The original character of the arches between the living room and parlor and the open stairway with its spindled banisters and carved detail have been carefully preserved. Several antique Prevost numbered prints, grand mother's button box, and many of the original fixtures contribute to a sense of the past.

Traditional family raisin-filled Christmas cookies as well as a variety of cheeses will be served.

Sharon and John Huss

This attractive Garrison-style, two-story Colonial was built especially for Sharon and John in 1972. Pine paneling and a wood burning stove gives a feeling of warmth and charm throughout this contemporary home. The unique fireplace mantle in the living room was originally hand crafted from an oak tree on the property. On the porch an old fashioned Christmas tree, a spinning wheel brought to Michigan in covered wagon, and an old rocker create the atmosphere of a Currier & Ives picture.

Cranberry tea will be served from a Sterling-footed tea service, dating from the early 1800's.

Pattie and Duane Petrie

The Petrie home is surely one of the oldest Grayling residences, built in the early 1900's by Nels Michelson for his wife, Margrethe Jensen - both early settlers in the area. Foremost among the spectacular features of this historical home is the hand-carved oak and cherry woodwork throughout the interior. A magnificent stairway, beautiful beveled and leaded glass windows, and fifteen foot ceilings are just a few of the timeless treasures for us to see.

In keeping with the Danish tradition, visitors will be served cookies from an old Danish recipe.

Lovells News

Our deepest sympathy is extended to Mrs. Case and family in the death of her husband, Maurice who passed away on Tuesday, November 13.

Mrs. Karen Stewart returned to her home in Arizona after spending several weeks with her father, George Wingeier.

Bits O'Talk

Pallbearers for Joseph (Tony) Bommarito's funeral on Wednesday, November 14, were Murray Babbitt, Daryl Babbitt, Raymond Babbitt, Peter Modica, Thomas Webb, and John Cottrill.

No Meetings

Because of the Christmas luncheon, North Central Area Chapter No. 19, State Employee Retirees Association, will not hold its regular meeting at the Community Center in December. Also, there will be no meetings held during January and February, 1985. Next regular meeting will be the first Tuesday in March, 1985.

Citizens Declare Dividend

Citizens Banking Corporation, parent of Citizens Commercial and Savings Bank of Flint and Grayling State Bank of Grayling, announced today that its Board of Directors declared a special dividend of \$.50 per share, payable December 12, 1984 to shareholders of record November 26, 1984. Charles R. Weeks, President and Chief Executive Officer said the dividend action was occasioned by non-recurring income of approximately \$1,500,000 resulting from the discontinuance of the AAA Credit Card business and refunds of single business taxes for prior years.

Won't Help

Freezing or baking nylon pantyhose does not extend the life of the hosiery. These techniques only produce hot or cold pantyhose, according to the National Association of Hosiery Manufacturers.

Completes Basic Training

Pvt. Eric Clemens of Grand Rapids, son of Mr. and Mrs. Dale Clemens of Eagle Point, Lake Michigan, has completed his basic, and Air Borne training at Ft. Benning, Georgia and is spending the Thanksgiving Holidays with his parents. Also his sisters, Dawn and John Failing, and Marianne Schwartz and daughter of Grand Rapids.

Pvt. Clemens will be leaving on the 23, for Korea where he will be stationed for the next 18 months.

Eagle Auxiliary News

A joint initiation was held November 18, followed by a pot luck and record dance. Thanks to Ede and Dude Pelon for the music.

Inducted into the auxiliary were Brett Cameron, Shirley Privaloff, Jeanne Pearce and Maxine Riegler.

Nov. 15 - regular auxiliary meeting. Nice to see Shirley Privaloff there and taking an active part.

Dec. 2 - District meeting in Alpena at 2:30 p.m.

Dec. 6 - Auxiliary meeting at 7:30 p.m.

Dec. 15 - Joint Initiation.

Dec. 16 - Kids Christmas party.

Please call or give the names, ages and gender of your children 12 and under to any club member to help the committee plan the party. You grown up kids are also invited to enjoy the fun and have a visit with Santa.

Dec. 20 - Auxiliary meeting at 7:30 followed by Christmas party. Bring a \$3.00 exchange gift and a .50 cent gag gift.

Dec. 29 - End of year party, live music. Make plans now to attend.

Vi Hohner, Dorothy Robine, and Louise Brockman have recently been released from Mercy Hospital. We miss you and hope it won't be long till we see you back at the club.

Grayling Rabbit Club

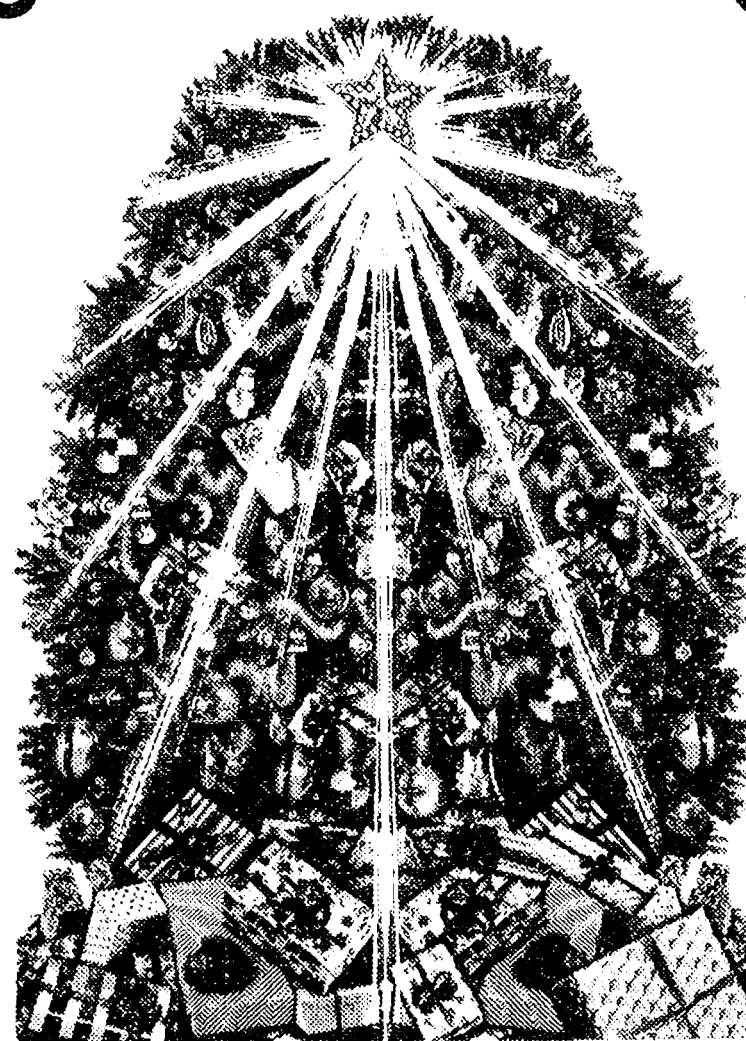

The meeting was held on November 9, 1984. Leader Michelle Williams and guest Tina Golinick demonstrated how to tattoo a rabbit for registration. Also Michelle demonstrated how to get your rabbit ready for a rabbit show. Member Leann Bishop brought Patty Chambers as her guest.

Written by Leann Bishop.

2nd Annual Grayling

At 6 p.m. Friday, Nov. 23, when the city whistle blows more than 25,000 small white lights will be turned on all over Grayling.

"Celebration of Lights"

Santa will arrive by sleigh at the county building immediately after with candy canes for all. Everyone is invited to see Santa and join in singing Christmas carols.

November Special

This Husqvarna is the work of one design engineer.

He spends a lot of time engineering it. And a lot more time out in the woods working with the prototype. He may decide it needs to go back to the drawing board.

When he's satisfied himself - he's satisfied the toughest critic he has. That's why the Husqvarna chain saw you buy will exceed your expectations. Because it's not created by the compromise of a committee...it's built on the integrity of one man.

My Susan took part in the Thanksgiving pageant at church school. Of course, I made her pilgrim costume. Later, as I watched her singing, she looked just like the pictures I have seen of pilgrim children. I felt a lump in my throat and had a real sense of identity with those men, women and children who long ago withstood the hardships of life in a new and alien world.

These immigrants weren't super-human; they were people just like you and me. They had the courage to believe in a new life — a new country. They be-

lieved their ultimate struggle would lead to the freedom they so fervently sought.

Over three and a half centuries have passed. The foundation the pilgrim fathers laid for us seems to be shaking beneath our feet, and even our faith wavers.

But, reconsider. We owe it to those pilgrims as well as to ourselves to reaffirm our belief in God and in our country. And what better way than in your church — this Thanksgiving?

The Caucasian Chalk Circle

Bertolt Brecht's play "The Caucasian Chalk Circle" will be presented in the Roscommon High School Auditorium on Nov. 30 at 8 p.m. by the Central Michigan Theatre Department. The Roscommon production is sponsored by the Roscommon Arts Council and admission is by donation. The play is fast moving two part drama about a woman's plight after she adopts an abandoned baby during a revolution. The tour of "The Caucasian Chalk Circle" is funded by the CMU Windows program and the proceeds for the Roscommon performance go toward the Roscommon Arts Council's Scholarship fund for area artists. Call 517-275-5121 ext. 226 for information.

Returns From Pacific Duty

Navy Fireman Apprentice James E. Leech, son of Ronald E. and Donna J. Leech of 1234 North Shore Drive, Gaylord, recently returned from a six month deployment to the Western Pacific and Indian Oceans.

He is a crewmember aboard the destroyer USS O'Brien, homeported in San Diego, Calif. During the deployment his ship operated with both the USS Midway and the USS Kitty Hawk aircraft carrier battle groups in the North Arabian Sea.

They rescued 40 Vietnamese refugees in the Gulf of Thailand, and another 20 in the South China Sea.

Port visits were made to Phuket and Pattaya Beach, Thailand; Perth, Australia; Singapore; and Subic Bay, Republic of the Philippines.

A 1982 graduate of Gaylord High School, he joined the Navy in March 1983.
